

Bass Lake Property Owners Consultation Survey

This Survey was conducted by the Township over a two week period (9-23 June 2021) using an On-Line Survey Monkey Format.

Property Owners were asked to identify their civic property address or tax roll number. Two specific questions were asked regarding the Bass Lake Outlet project.

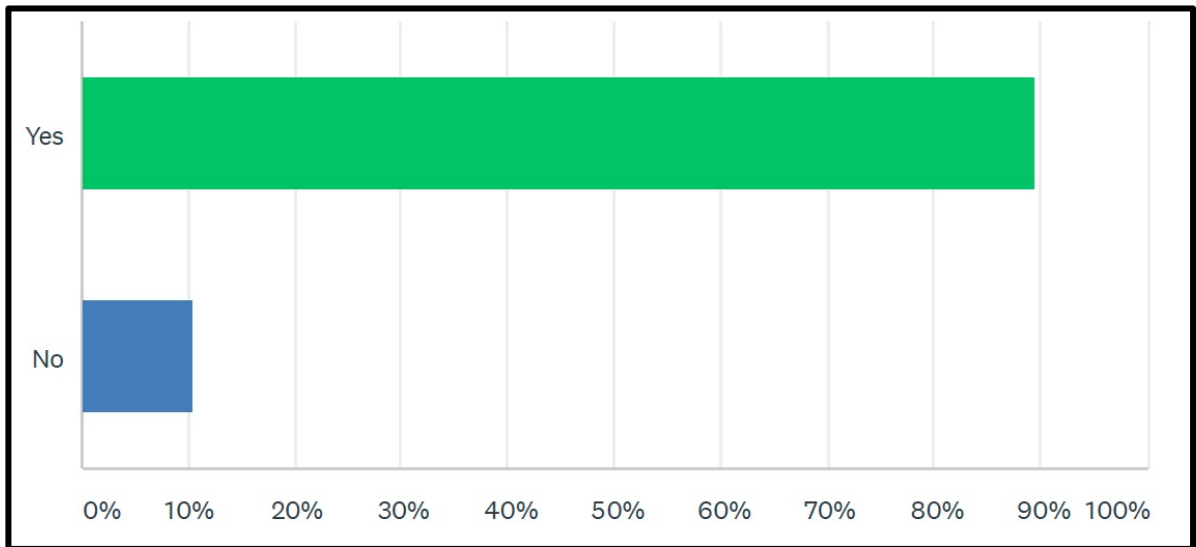

A total of 193 properties responded to this survey which represents an impressive 83% of the lake's residential properties. The Township supported by the BLPOA are certainly most appreciative of this level of participation.

The results of this Survey are being disseminated to Bass Lake property owners and will be reported to Township Council this week.
